

P2 Resilience Boosting Toner

TONER / START

A hydrating start to the P2 routine.

200 mL

The catalogue lists phyto-PDRN, a multi-type hyaluronic-acid blend, peptides and hibiscus-derived phyto-collagen.

Product understanding, not clinical evidence. Numerical efficacy claims are omitted because original reports and test conditions are unavailable.

P2 Capsule Ampoule

AMPOULE / FOCUS

Capsule-textured skincare.

30 mL

The catalogue identifies peptide and phyto-collagen capsules, niacinamide and the Anti Sebum P ingredient complex.

Elasticity recovery and primary irritation were studied separately. See the conditions on the evidence page. Results are not claims for the whole P2 line.

P2 Skin Density Firming Cream

CREAM / FINISH

A moisturizing finish to the P2 routine.

50 mL

The catalogue lists bakuchiol, five ceramides and a peptide blend.

Product understanding, not clinical evidence. Numerical density, elasticity, hydration and barrier claims are omitted because study conditions and original reports are unavailable.

Nordic Glacier Water Sleeping Pack

OTHER SKINCARE / OVERNIGHT

A gel finish for your evening routine.

80 g

A leave-on sleeping gel. The brand describes smoothing it over clean skin and leaving it on overnight.

Texture and use information, not clinical evidence. Current formulation and supply are not confirmed.

Intensive Skin Boosting Toner

OTHER SKINCARE / TONER

A step after cleansing.

500 mL

Apply with your hands or a cotton pad after cleansing. The brand also shows mist and soaked-pad applications.

The 2017 irritation material is a legacy test summary. Current-formula equivalence is not confirmed; no new efficacy claim is made.
